March, 11, 2015

Dear Community Partner,

**Avenues for Success®** first annual Team Erase!!! Fundraiser, **Glow for the Cure, a hot air balloon glow**, will be held this year on (May 16, 2015) at the Norwood High School practice field. In order to ensure the success of this very important fundraiser, we are seeking contributions to help defray the costs associated with the event, so that all funds raised, will benefit cancer research. Proceeds will go to **The Cure Starts Now** (in honor of Lauren Hill) and **The IWILL Awareness Foundation** (in memory of William Cox)

Generous donors like you are the key to our success, and make it possible for **Avenues for Success®** to provide our students with opportunities otherwise not offered. We hope we can count on your support to help us give our students the best experience possible...*giving back to their community and world!*

Your donation will be listed in our event program, event signage, and on our event website page. Please mail your donation to **Avenues for Success®** 2060 Sherman Avenue Norwood, Ohio 45212 Attention: **Glow for the Cure** or call 513-924-2705 to pledge your support. You may also donate online at [www.avenuesforsuccess.net](http://www.avenuesforsuccess.net). We thank you for your time and consideration. \*\*Any event donations exceeding the cost of the event will be donated to our cancer research charities. \*\*

### Donor Levels

#### 1. Aerostat - **\$300.00 and up**

*A lighter-than-air-craft. A hot-air balloon is an aerostat.*

#### 2. Basket - **\$150.00 - \$299.00**

*Attached to the aerostat, used to carry the pilot and passengers, fuel tanks and other equipment (may be referred to as a gondola)*

#### 3. Crown Line - **\$50.00 – \$149.00**

*A rope attached to the aerostat, crew members maintain to stabilize the balloon during inflation and deflation.*

#### 4. Pole – Donation of Goods/Services

*The stabilizing struts between the basket, burner mount and load cables on the aerostat.*

Sincerely,

*Laura Ferguson*
